Ceramic Bracket System

AESTHETIC BRACKETS

Ortho Organizers offers a complete selection of aesthetic bracket systems to accommodate your patients' cosmetic needs, as well as financial requirements.

NeoLucent Ceramic Bracket System

- An invisible appearance, and stain resistant throughout treatment
- Low profile with a smooth surface
- Designed with your patients' comfort in mind
- Accurate placement is achieved from the rhomboid shape
- *Combo-LOK™* Base offers stronger bonding, in addition to predictable debonding
- Breakage resistant with unsurpassed strength
- Easy ligation with ample tie wing clearance

Illusion Plus Silver Slot Ceramic Bracket

- Same features as *Illusion Plus* Ceramic Bracket
- Archwire slot is lined with quality silver for improved bracket strength
- Reduced friction for enhanced sliding mechanics

Envision Composite Bracket System

- Improved adhesion and bracket removal
- Anatomically contoured base for ideal fit
- Mechanical dove-tail grooves/porous surface
- Torque-in base, compound/contour design
- Low profile design for patient comfort
- Exact tip, torque, and in/out movements

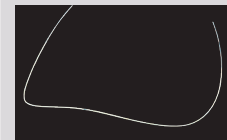

Delta Force Ceramic Brackets

- Patented design for reduced friction over conventional twin brackets
- Purest Polycrystalline, 99% Alumina, material resists breakage
- Mechanical dove-tail grooves for optimal bond strength
- Contoured surface enhances patient comfort
- Dual-occlusal tie wings

Recommended Auxiliaries

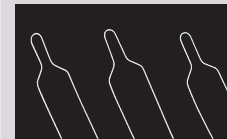

Help customers achieve the "natural look," choose from an array of our aesthetic auxiliaries.

**Tooth Tone
Plastic Coated Archwires**
(see page 139-140)

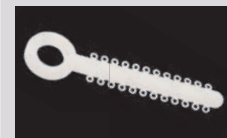

**Micro-Coated Bio-Kinetix
Thermal Archwires**
(see page 139-140)

**Pearl Tone
Preformed Ligatures**
(see page 155)

**Composite
Direct Bond Buttons**
(see page 113)

Elastic Ligatures
(see page 164-167)

NEOLUCENT Ceramic Bracket System

Performance you'll notice, brackets your patients won't.

The *NeoLucent* Low Profile Ceramic Bracket System delivers superb aesthetics by blending with the natural tooth tone for a virtually invisible appearance. A straight wire bracket system, *NeoLucent* Ceramic Brackets are extremely strong and provide the definitive performance you demand.

A US manufacturer, *Ortho Organizers* is dedicated to providing world class products and solutions to meet your every orthodontic need. As a full-service partner, we offer the tools to help expand your practice and diversify treatment options. So when your patients desire a cosmetic alternative, we have the right choice for you, and them.

Patient Satisfaction

Invisible Appearance –

Crafted to the highest aesthetic standards

Translucent, natural appearance from 99.9% pure polycrystalline Alumina

Stain resistant throughout treatment

Comfort –

Designed with your patients' comfort in mind

Low profile (see U1 profile measurements on next page)

Smooth, polished surface

Rounded corners

Clinical Performance

Colour I.D. for easy identification

Accurate Placement with rhomboid shape and parallel tie wings

Stronger Bonding and Predictable Debonding established with the *Combo-LOK* Base which utilizes optimum mechanical and chemical retention

Easy Ligation with ample tie wing clearance

Superior Sliding Mechanics via a precision-cut archwire slot

Breakage Resistant with unsurpassed strength

Hypoallergenic for sensitive patients as bracket does not contain nickel, chromium, or other metals

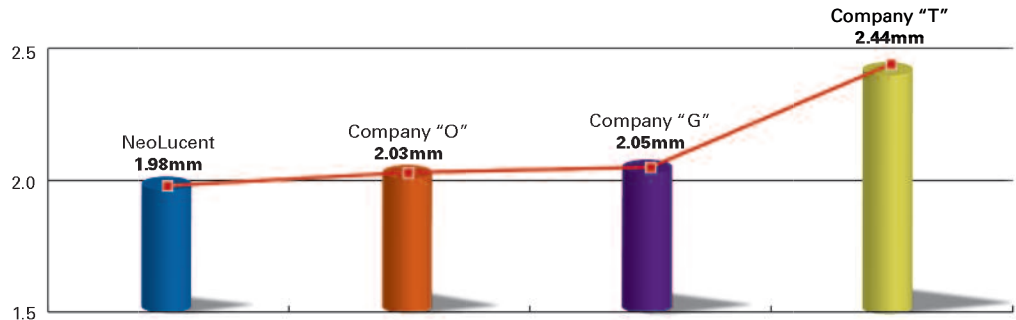

Routine Protocol with no special instruments or adhesives required

NEOLUCENT CERAMIC BRACKET SYSTEM

NeoLucent Ceramic Bracket Profile

Aesthetic Archwire Options

To ensure excellence in every one of your cases, we offer an extensive line of aesthetic auxiliaries compatible with the NeoLucent Ceramic Bracket System.

Tooth Tone Plastic-Coated Archwires
Stain and crack resistant this archwire features a tooth-coloured coating that blends with natural dentition and reduces friction.
See page 139-140

Safe-T-Tie™ Ligatures
Ligatures for individual patient use, avoiding cross-contamination. We offer an array of colour options that blend with the bracket and dentition. Available in clear, white, tooth tone, natural glow, and smoke.
See page 164-167

Micro-Coated "Dental White" Bio-Kinetix Thermally Activated Nitanium Archwires
The labial side of this archwire has a tooth-coloured micro-coating to enhance aesthetics.
See page 139-140

Chain Elastic
Made from super-elastic long lasting material, these ligatures deliver gentle, continuous force for more predictable tooth movement. Multiple colours to choose from: clear, white, tooth tone, natural glow and smoke.
See page 164-167

Pearl Tone Preformed Ligature Wires
Available in a white/pearl hue, this archwire features a super smooth nonstick coating.
See page 155

Light Force Chain Elastic
Delivers a 20% lighter force than our regular chain, making it an excellent choice for low force treatment mechanics. Available in clear.
See page 164-167
