ADA CERP®

Continuing Education
Recognition Program

LVI Global is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. LVI Global designates this activity for 6 continuing education credits.

REGISTRATION FEES

Dentists **\$295.00**
Team Members **\$ 95.00**

(Fees include: Continental breakfast, refreshment breaks, lunch and applicable taxes)

Limited Seating

Please register early to avoid disappointment.

Featuring
Dr. Sam Kherani

PRESENTED BY

"LVI Global (code # 208412) is designated as an approved PACE Program Provider by the Academy of General Dentistry. The formal continuing education programs of this program provider are accepted by AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry. The current term of approval extends from June 1, 2011 to May 31, 2015."

CANCELLATION POLICY
A full refund will apply to cancellations with 3 or more business days notice. Less than 3 working days notice, will result in a "no" refund.
AURUM CERAMIC provides services that are discussed in this seminar.

Welcome

Are you prepared for the future of dentistry or are you still stuck in the past?

- Are you still accepting insurance assignment?
- Are you wasting a fortune on advertising?
- Do you still think selling dentistry means educating your patients about what they need?
- Do you still think that getting more new patients is the key to making more money?

In just one day we'll give you the solution to these issues and share every detail on how to become more profitable and have more fun doing the kind of dentistry you most enjoy. In fact you'll discover:

- How to easily implement the best procedures for diagnosis, treatment planning and communication resulting in bigger cases and more cosmetic cases.
- How to break through the hype about occlusion with a simple, predictable approach that will allow you to diagnose physiologic versus pathologic occlusion with total confidence.
- Cutting-edge use of a TENS bite including a live demonstration.
- What becoming a 'mouth doctor' means to both your career and your patient's lives and why it's so crucial.
- The inside information about fees and insurance that nobody talks about.
- The difference between success and failure and why success isn't such a mystery.
- The 'true value' of your services and what it means to your practice.

Are you tired enough of being stuck where you are to finally do something about it?

**We've got the information.
The rest is up to you.**

SPEAKER

OBJECTIVES

REGISTER NOW

Shamshudin (Sam) Kherani, *DDS, FAGD, LVIM, FICCMO*

Shamshudin (Sam) Kherani, is a graduate of University of Western Ontario and has been in general practice since 1981 with a special interest in adhesive dentistry. Prior to joining LVI full-time in his role as VP, Educational Advancement, he served as a Clinical Instructor at the Institute as well as a Regional Director. Awarded Fellowship from the Academy of General Dentistry, and appointed Trustee of Public Colleges Foundation by the Government of Alberta, Dr. Kherani is also one of a few recipients of the coveted Mastership designation from the LVI as well as a Mastership designation from the International College of Cranio-Mandibular Orthopedics (ICCMO).

Additionally, he previously served as the President of the International Association of Comprehensive Aesthetics (IACA). As a lifelong student, he has been exposed to many different philosophies in dental occlusion throughout his over 30 year dental career. Most recently, Dr. Kherani has been invited to serve on the Occlusion Panels at the Yankee, AACD, Greater New York, IACA and other meetings. He teaches dentists from all over the world in the latest treatments for cosmetic dentistry, full mouth reconstruction, and neuromuscular occlusion.

Upon completion of this conference, through lecture and discussion, participants should be able to:

- **Identify appropriate procedures for smile design and when to use them.**
- **Define the options for porcelain restorations and the preparation and temporization necessary to accomplish the restoration.**
- **Implement better cementation techniques and more efficient administering of anesthetics for the patient.**
- **Understand the best procedures for diagnosis and treatment planning and better communication with the patient.**
- **Discuss the parameters for use of transcutaneous electrical neural stimulation.**
