A Flawless Smile Doesn't Have To Be A Dream!

Finally, there is a painless, gentle – and incredibly realistic looking - way to reshape and permanently whiten your smile. Ultra-thin (0.3 mm) Aurum's Cristal Veneers are bonded directly to the front of your existing teeth, instantly providing you with a fantastic, brand new smile. Best of all, they require no injections, involve no pain and preserve most, if not all, of your existing tooth structure.

Looks Natural, Feels Natural!

Other non-invasive veneer options can be bulky, thick and opaque – and just don't feel or look like natural teeth once they are applied. **Aurum's Cristal Veneers are different!** Each Cristal Veneer is custom crafted just for you. Their perfect natural shape and bright new shade compliments your unique facial features and blends beautifully with your surrounding teeth.

Superb Esthetics That Stand The Test Of Time

Your new "Cristal Smile" is incredibly strong and will last for years – each veneer is warranted for a full five years against chipping or breakage!

The Perfect Remedy for a Wide Range of "Smile Challenges"

Aurum's Cristal Veneers are a great new option for many patients with:

- A narrow smile
- Small teeth
- Worn and/or aged teeth
- Stained teeth
- Chipped or cracked teeth
- Slight misalignments
- Misshapen teeth
- Gaps between teeth

Is a Brilliant New Smile in your Future?

Unfortunately, everyone isn't a candidate for Aurum's Cristal Veneers but they do offer an exciting alternative for many patients. If you have been dreaming of that perfect smile, ask your dentist if Aurum's Cristal Veneers are the right answer for you.
