# Elastomerics

## Maxi-Ties .150 Ligatures (Latex-Free)

Larger than standard ligatures, the .150 diameter gives them extra space and flexibility and the increased elasticity makes them great for special ligations such as figure "8's" and inverted "V's". These ligatures will fit around molar buccal tubes and will easily ligate an archwire into a molar tube with the cap removed, eliminating the need for wire ligatures.

### Inverted "V" Ligation Method

Right: Converted Molar Tube with Maxi-Tie

10 ligatures per stick. (10 per pack)  
Clear • 400-051 Silver • 400-052

## Elastomeric Ligature Ties

Ligatures on preloaded cane dispensers are easily engaged under bracket tie wings, yet hold with continuous force. Gray or clear. (20 canes per pack; 1000 ligatures total)

Ligature Ties on Canes (20 per pack)			
Colour	Diameter		
Gray	.110		400-110
Gray	.120		400-120
Clear	.110		400-111
Clear	.120		400-121

Clear	.046		400-328
Gray	.046		400-329

## Elastic Thread

Solid elastomeric material in precision extruded thread-

form. Exerts continuous long lasting, predictable force. Moisture, odor and stain resistant. Ideal for rotations, retractions and figure 8's. Gray or Clear .025 and .030 diameters. (25' or 50' spools)

Colour	Diameter	25-Foot	50-Foot
Gray	.025	400-038	400-028

# Elastomerics (continued)

## Safe-T-Ties™ .120 Ligatures (Latex-Free)

Ligatures for individual patient use offer peace of mind by avoiding cross-contamination. 24 modules per stick, 30 sticks per pack. See chart at right for available colours and catalogue numbers.

## Safe-T-Ties™ Kit (Latex-Free)

Kit contains 24 individual colours (10 sticks each) (6480 ties) • 402-016  
Empty • 402-015

## Mini-Ties .120 Ligatures (Latex-Free)

The perfect ligature for individual patient use. With 10 ligatures per stick, there is little waste and no cross-contamination. 250 ligatures per pack. See chart at right for available colours and catalogue numbers.

## Mini-Ties Kits (Latex-Free)

Small Kit (1800 ties)  
18 individual colours/  
10 sticks each • 400-500  
Empty • 400-5BX

Large Kit (2600 ties)  
26 individual colours/  
10 sticks each • 400-500XL  
Empty • 400-5BXXL

See chart at right for available colours and catalogue numbers.

## Single Shot .120 Ligatures (Latex-Free)

For individual patients. 10 ligatures per shot. 50 shots per package. See chart at right for available colours and catalogue numbers.

## Hand-EE-Lasts™ (Latex-Free)

Elastic ligatures are molded on an easy to dispense ring. 100 modules per ring. 10 rings per pack. See chart at right for available colours and catalogue numbers.

## Cane-Ties™ .120 Ligatures (Latex-Free)

Ligatures on preloaded canes. 1000 canes per package. See chart at right for available colours and catalogue numbers.

# Elastomerics (continued)

## Chain Elastic (Latex-Free)

15-Foot, Short, Long and Continuous

Made from super-elastic long lasting material that delivers continuous, gentle force for more predictable tooth movement. The thin wall is easier to ligate under tie wings. Moisture, stain and odor resistant.

See chart on page 88-89 for available colours and catalogue numbers.

## Light Force (Latex-Free)

Our light force chain elastic has a 20% lighter force than our regular chain and is excellent for low force treatment mechanics. The thinner chain material is easier to apply, reducing chair time.

Light Force Chain 15'

Link:	Continuous	Short	Long
Gray	400-313LF	400-314LF	400-315LF
Clear	400-316LF	400-317LF	400-318LF

## Universal Spool Dispenser

Keep your spooled products organized. Easy to use dispenser for chain elastic, tissue guard, thread, coil springs, etc. 9-1/2" x 4" x 2-1/2".

Empty • 402-014  
 Uses optional clear cover • 120-006MC

## Deluxe Spool Dispenser

Compact, esthetically pleasing design holds 18 spools.

Clear cover. 10" x 4" x 4".  
 Empty • 402-013

## Combo Chain & Safe-T-Tie™ Dispenser

Holds 12 separated spaces for Safe-T-Ties™ and a bar to accommodate 12 spools of chain elastic. Clear cover with front cut-out for chain elastic facilitates use and provides protection from dust. 6" x 9" x 4". Preloaded with 12 colours of Safe-T-Ties™ and matching short chain; clear, blue, green, neon pink, black, red, neon green, silver, periwinkle, metallic blue, grape and light pink.

Heavy (6-1/2 oz.)	408-022	408-032	408-042	408-052	408-062

## Extraoral Elastics

Amber coloured, strong elastics for use with Face Mask. 1000 per pack.

- 1/2" Bulk Elastics (8 oz.) • 408-073
- 1/2" Bulk Elastics (16 oz.) • 408-074

## Elastic Attachers™

Simplifies placement and removal of intraoral elastics. Simply insert elastic attacher and stretch to desired position and release. (Reverse the procedure for elastic removal.) Mixed assortment of neon pink, neon blue, neon green, and glow.

- 100 per pack • 402-011
- 250 per pack • 402-010

## Glow Elastic Attachers™

The same design as our regular elastic attachers, but will glow bright after being exposed to direct light. 100 per pack.

- 402-011G

## Smile Safari™ Box Dispenser

Sturdy, clear acrylic rack holds four Smile Safari™ elastics boxes for easy dispensing. Rack can be placed on tabletop or mounted on the wall.

13-1/2" L x 4-1/4" W x 10" H. Empty • 402-012S (holds 4 boxes)

## Force System Dispenser

Convenient chairside dispenser for springs, elastics and other auxiliaries. Lightweight. White pebble-grained. Save valuable time with auxiliaries in easy reach. 16-1/8" L x 9-1/2" W x 2" H • 420-000

# Separating Elastics – Latex Free

## Standard Separators

Gray, donut-style separators can be used for anterior or posterior separation. Placed between the teeth, they exert gentle continuous force. 800 per pack.

Standard Separator • 400-351

(Use Elastic Separator Plier • 200-407 for best results).

## Dumbbell Separators

White, individual rubber separators can be stretched and slipped between contacts for in-office separations. Contracting action of separators achieves ample separation for banding within minutes. 100 per pack.

Dumbbell Separator • 400-360

## Single Separators

Radio opaque. Precision-cut, blue separating elastics are made from tough absorption-free elastomeric material. Holds elasticity without deterioration. Separates teeth rapidly due to faster elastic recovery. Easily placed. Good visibility. 1000 per pack.

Blue Regular • 400-355

Blue Large • 400-355L

White Regular • 400-354A

White Large • 400-354P

Recommend Deluxe Elastic Separating Plier • 200-407D

## Rotation Wedges – Standard

A preformed tab is perforated to lock in place on one set of tie wings of a twin bracket. The wedge portion allows the necessary fulcrum between wire and bracket for efficient rotation. 100 per pack.

Gray • 400-300  
Clear • 400-301

## “K” Modules

Designed for intraoral use to bring elements together with resilient force. They may be attached to lingual buttons, cleats, brackets or hooks. Gray. 100 per pack.

K-0 Modules (12.7 mm) • 400-310

K-2 Modules (20.3 mm) • 400-312

## Safe-T-Separators

These Safe-T-Separators have knobs on either side of each ring. These extend beyond the interproximal area out past the gingiva. Their presence prevents this separator from submerging into the sub-gingival area. Available in two styles: Standard (purple) and Slim (blue). The Slim separator is thinner with less force for use in situations needing only minimal space opening. Each come on star shaped sticks with 80 separators each. 6 stars per bag (480 total).

Purple Standard • 400-352

Blue Slim • 400-353

## Stick Separators – Latex Free

Molded with smooth round edges that make them easier to insert between teeth. Molded on sticks for easy handling. 10 separators per stick.

Pack of 25 • 400-356

Pack of 32 • 400-357

Radio opaque

Pack of 32 • 400-358

## Rotation Wedges

Specially designed for use with our DELTA FORCE® Low Friction Brackets or Carriere LX™ Self-Ligating Brackets, but will also work well with any triangular shaped bracket. Along with standard two small openings, these wedges have a third larger opening to anchor directly to the bracket. They actually fit around the entire perimeter, making it easy to fit irregularly shaped brackets. 10 per pack.

Silver • 400-302

Clear • 400-303
