

AE (Advanced Esthetic) DENTURES™

Stunning Esthetics – Unrivalled Precision – Exceptional Function

Now you can offer your edentulous patients dramatic improvements in denture esthetics and function with AE (Advanced Esthetic) Dentures, exclusively from Aurum Ceramic!

Bring your denture artistry to life!

Where form follows function and science meets art! By blending the latest in technique and technology, our AE Denture Team™ of cosmetic denture specialists have perfected unique techniques that create picture-perfect smiles. Each AE Denture takes into account the subtle variations of natural dentition and contours of natural tissue that makes each patient unique.

Crafted with care and quality

Every AE Denture provides the optimum bite position and is fabricated with SR-Ivocap or Eclipse and your choice of top quality artificial teeth. Our attention to detail and personalized patient-dentist-technician communication systems ensure that even the most challenging case proceeds accurately and smoothly.

Expertise you can rely on

Aurum Ceramic has the knowledge, proven technical abilities and creativity to deliver unsurpassed Advanced Esthetic results on every AE Denture – every time. Call your closest Aurum Ceramic laboratory.
